Customer Data Privacy Policy (Version 1.0)

Introduction

Uttar Pradesh Gramin Bank (The Bank) recognizes the expectations of its customers with regard to privacy, confidentiality and security of their personal information that resides with the Bank. Keeping personal information of customers secure and using it solely for activities related to the Bank and preventing any misuse thereof is a top priority of the Bank. The Bank has adopted the privacy policy aimed at protecting the personal information entrusted and disclosed by the customers ["the Policy"]. This policy gives the way in which the Bank collects, uses, discloses, stores, secures and disposes of personal information and sensitive personal data or information related to customers.

Who is covered under this policy?

All natural persons ("Covered Persons"), whose personal information is either collected, received, possessed, stored, and dealt in/ handled by Uttar Pradesh Gramin Bank and are who visit the web site <https://www.upgbank.com> (eRRB website <https://www.barodaupbank.in>, <https://prathamaupbank.com> and <https://www.aryavart-rrb.com>) and provide information to Uttar Pradesh Gramin Bank online, are covered under this Policy.

Definitions

"Personal information" means any information that relates to a natural person, which either directly or indirectly, in combination with other information available or likely to be available with the Bank, is capable of identifying such person.

"Sensitive personal data or information" of a person means such personal information which consists of information relating to:

- Password;
- Financial information such as Bank account or credit card or debit card or other payment instrument details;
- Physical, physiological and mental health conditions;
- Sexual orientation;
- Medical records & history;
- Any detail relating to the above clauses as provided to body corporate for providing service;
- Any of the intimation received under the above clauses by body corporate for processing, storage or processing under lawful contract or otherwise.

Provided that, any information that is freely available or accessible in public domain or furnished under the right to information act, 2005 or any other law for the time being in force shall not be regarded as sensitive personal data or information for the purposes of this policy.

Applicability

This Policy is applicable to personal information and sensitive personal data or information collected by the Bank or its affiliates directly from the customer or through the Bank's online portals, mobile apps and electronic communications as also any information collected by the Bank's server from the customer's browser.

Customer Data Privacy Policy (Version 1.0)**Collection of Data:**

Personal Information is the information that identifies customer as an individual and customer's other identity, such as name, date of birth, mobile number, domicile, pan number, mailing address, email address, etc. Personal information is only obtained when customer voluntarily provide the information to us. The personal information is used for better understanding customer's needs and interests and to provide you with better service.

Once customer choose to provide us with personal information, he can remain assured that it will be used only for the intent it was collected for.

Non-Personal Information is the information that does not identify customer as an individual, such as customer's browser type, IP Address, the URL of the previous web site customer visited, etc. We may automatically collect certain types of non-personal information from customer when visiting our site. This helps us to understand the usage of our site and demographics of our visitors.

Location Information is information that may be collected by certain mobile applications or from the browser that identifies customer's physical location. This information may be collected from customer's mobile device's location-aware features when customer request certain services that are dependent on customer's physical location.

Device Information refer to all such information collected of customer's devices which were used to avail the services of Bank, these may include the unique device identifier such as IMEI number of customer's device, your contact details (if required), technical Data about your computer and mobile device or your devices which were used to avail the services of Bank and the details regarding applications and usage details.

Bureau / Creditability information is information which will be extracted from various credit rating agencies/bureau and from RBI on customer's credit worthiness, history and behavior.

Other Information is all other information, such as information relating to customer's occupation, employment, employer's details, like name and address, income, monthly loan obligations, nature of business/employment, licensee, income proof, GST returns, Bank statements, income tax returns, etc. Further generation and storing password or PIN / OTP in encrypted form based on customer's request on the Digital Platform, your photographs, KYC details, Social relationships detail such as father's name, spouse's name and mother's name, nominee address, declaration related to your health etc.

Purpose of Data Collection and Use of Personal Information

The Bank collects and uses the financial information and other personal information from its customers. This information is collected and used for specific business purposes or for other related purposes designated by the Bank or for a lawful purpose to comply with the applicable laws and regulations. The Bank shall not divulge any personal information collected from the customer for cross selling or any other purposes.

The authenticity of the personal information provided by the customer shall not be the responsibility of the Bank.

- To provide the detailed information regarding our Digital Lending Platform, update on its terms and conditions, policies and/or other administrative information.

Customer Data Privacy Policy (Version 1.0)

- To enable Bank to personalize customer's experience of the Journey in the Digital Lending Platform.
- To enable Bank to accurately address customer's request and respond to customer's need based on the inquiries.
- To enable Bank to evaluate customer's eligibility for the applied product and provide the best offer of the product which customer may have applied for or shown interest in;
- To enable Bank to perform customer obligations under KYC norms as directed by RBI.
- To enable Bank to improve risk control for fraud detection and prevention, to comply with laws and regulations, and to comply with other legal processes and law enforcement requirements.
- To enable Bank to extract and evaluate your credit history and credit worthiness and access the risk based on extracted details.
- To enable Bank to establish and manage relationship with customer in most effective way.
- To enable Bank to protect legal rights and comply with its obligations;
- To enable Bank to arrive on the decision to enter into a contract with customer or to take steps based on customer's request prior to entering into a contract.
- To enable Bank to meet the legitimate interests to be pursued by Bank or by a third party.
- And for all other purposes which may arise in due course as per the requirement of Bank or as per the requirement of statutory bodies from time to time.

Disclosure of Personal Information

The personal information collected by the Bank shall not be disclosed to any other organization, except:

1. where the disclosure has been agreed in a written contract or otherwise between the Bank and the customer,
2. where the Bank is required to disclose the personal information to a third party on a need-to-know basis, provided that in such case the Bank shall inform such third party of the confidential nature of the personal information and shall keep the same standards of information/ data security as that of the Bank.

Storage of customer's information:

With reference to the provision of the regulatory laws and rules, Bank shall maintain all necessary records of transactions between the Bank and the customer as per Bank policy.

Further, preserve the records pertaining to the identification of the customers and their addresses obtained while opening the account and during the course of business relationship, for the specified period as per Bank policy after the business relationship is ended.

Bank is also required to maintain the records for a longer duration in case there is a dispute and matter is pending in any Court/Enforcement Agencies etc.

Notwithstanding anything, Regulators/Courts may, by an order in writing, direct any banking company to preserve any of the books, accounts or other documents, for a period beyond that is specified for their preservation.

Customer Data Privacy Policy (Version 1.0)

In case of e-record, Bank has well defined procedures for process of sanitization, to expunge data from storage media for destruction.

Bank has well defined procedures and standards for handling data security.

Reasonable Security Practices and Procedures

The security of personal information is a priority and is protected by maintaining physical, electronic, and procedural safeguards that meet applicable laws. The Bank shall take reasonable steps and measures to protect the security of the customer's personal information from misuse and loss, un-authorized access, modification or disclosure. The Bank maintains its security systems to ensure that the personal information of the customer is appropriately protected and follows the extant standard encryption norms followed for the transmission of information. The Bank ensures that its employees and affiliates respect the confidentiality of any personal information held by the Bank.

Contact Information

In order to address any discrepancies or grievances related to the personal information residing with the Bank, the customer may visit: <https://www.upgbank.com> (eRRB website <https://www.barodaupbank.in> , <https://prathamaupbank.com/> and <https://www.aryavart-rrb.com/>)

Collection of Personally Identifiable Information and other Information

When customer use Bank's application, Bank collect and store customer's personal information provided by them from time to time. Bank do so to ensure that customer are provided a safe, efficient, smooth and seamless experience. This also allows us to understand your needs and provide for services and features that best suit them. Bank strive to provide for customizations on Bank application to ensure that customer's experience is always safer and easier. This requires collection of personal information to the extent necessary for achieving this purpose and objective.

Customer may please note that it is mandatory to register in order to use the app and once customer give personal information to Bank, they are not anonymous to Bank. Bank may automatically track certain information about customer based upon customer's behavior on Bank's app to the extent Bank deem fit.

Handwritten signatures and initials

Customer Data Privacy Policy (Version 1.0)

If customer choose to transact on the app, Bank collect information about customer's transaction behavior. Bank collect some additional information, such as a billing address, details of recipient or payer of the transaction, location, etc. which may be used for providing better experience to customer while using the App.

If customer choose to provide information by way of messages on Bank's message boards (as & when available) and/or chat rooms or any other message areas or if customer prefer to leave feedback, Bank will collect that information. Bank retain this information as necessary to resolve disputes in terms of transactions and otherwise, where needed, provide customer support and troubleshoot problems as permitted by law. Bank collect personally identifiable information (email address, name, phone number, Aadhaar number etc.) from customer when they register with Bank to create unique identification in terms of a Virtual Payment Address and/or any other unique registration identification that is/shall be made available to customers.

Use of Demographic/Profile Data / Information

Bank use personal information to provide the services customer request. Bank use customer's personal information to resolve disputes; troubleshoot problems; Send money, collect money; measure consumer interest in our products and services and Bank may use this information to keep customer apprised on any online and offline offers, products, services, and updates that shall be made available for use of our customers. Bank use the information thus obtained to customize customer's experience; detect and protect Bank against error, fraud and other criminal activity; enforce terms and conditions which are an integral part of the use of application; and as otherwise described to customer at the time of such collection.

Bank identify and use customer's IP address to help diagnose problems with Bank's server, and to administer our app. customer's IP address is also used to help identify customer and to gather broad demographic information

Sharing of personal information

Bank may disclose personal information if required to do so by law or in the good faith belief that such disclosure is reasonably necessary to respond to subpoenas, court orders, or other legal processes. Bank may disclose personal information to law enforcement officers upon such requests third party rights owners or others in the good faith belief that such disclosure is reasonably necessary to: enforce our Terms or Privacy Policy; respond to claims that an advertisement, posting or other content violates the rights of a third party; or protect the rights, property or personal safety of Bank users or the general public.

Bank may share some or all of customer's personal information with another business entity should Bank (or our assets) plan to merge with, or be acquired by that business entity, or re-organization, amalgamation, restructuring of business. Should such a transaction occur that other business entity (or the new combined entity) will be required to follow this privacy policy with respect to customer's personal information.

Bank will not reveal customer information to any external organization unless Bank have previously informed the customer and disclosures or agreements, have been authorized by the customer, or are required by law.

Customer Data Privacy Policy (Version 1.0)

Whenever Bank hire other organizations to provide support services, Bank will require them to conform to our privacy standards and to allow Bank to audit them for compliance and ensure confidentiality of information.

Notwithstanding above, the Bank shall endeavor to take all possible steps to maintain secrecy and confidentiality of information provided by Users, but shall not be liable to the Users for any damages whatsoever caused on account of breach of secrecy/confidentiality due to but not limited to reasons beyond the control of the Bank or its service providers.

The Bank has the absolute discretion to amend or change this privacy policy at any time, without prior notice. However, the Bank will endeavor to notify any such change by posting it on the website or through advertisement or any other means as the Bank may deem fit.

Security Precautions

Bank app has stringent security measures in place to protect the loss, misuse, and alteration of the information under our control and follows the best practices in the industry in this regard. Whenever customer change or access their account information, it is through secure channels. Once customer's information is in our possession Bank adhere to strict security guidelines, protecting it against unauthorized access.

Consent

By using the app and/ or by providing information, customer consent to the collection and use of the information they disclose on the app in accordance with this Privacy Policy, including but not limited to their consent for sharing information as per this privacy policy. If Bank decide to change this privacy policy, it will post those changes on website so that you are always aware of what information we collect, how we use it, and under what circumstances we disclose it. Besides this privacy policy is subject to change at any time without prior notice. Customer are advised to check website periodically to be aware of any changes.

Law, Jurisdiction and Resolution

The provisions of this privacy policy shall be governed by and, construed in accordance with the Indian law and the courts located at Gorakhpur having jurisdiction shall deal with any dispute arising out of this privacy policy.

Notice of change

The validity of the policy shall be three years from the date of approval of the Board. In case the policy cannot be reviewed on or before due date, The Chairman is authorized for allowing to continue with the policy for further three months from the due date of review.

Any fresh/additional guidelines issued by RBI/NABARD/Sponsor Bank or any such statutory/regulatory/supervisory etc. body shall supersede this policy with concurrence of the Chairman subject to reporting/informing the Hon'ble Board.
